

Box plot showing the distribution of the number of nodes in the largest component for four Sage versions: Sage 2.1.0 (regroup), Sage 2.2.1, Sage 2.2.1-sdata, and Sage 2.2.1-tm-sdata. The y-axis represents the number of nodes, ranging from 0 to 5. A horizontal dashed line is at y=0. The distributions are centered around 0, with many outliers at 5.

Sage 2.2.1-tm-sdata
